SITUATION BETTER IN VIRGINIA MINES

Labor Commissioner Mediation Efforts Said to Be Bearing Fruit

COAL WILL BE MINED

Demobilization of Troops Completed Yesterday After Their Return From Roanoke.

With a view to ending the factional feeling between the miners and operators in the Lee County field, State Labor Commissioner John Hirschberg has called a meeting of the interests affected.

This was the news received by Governor Westmoreland Davis late yesterday in a telegram from Commissioner Hirschberg, who remained in the coal fields for the purpose of settling the dispute after the Governor had returned to Richmond. The Governor reached the city shortly after noon yesterday.

The meeting of the various interests will be held early next week. In the meantime Hirschberg is holding conferences with both the operators and miners, preparing their minds for a favorable adjustment of differences. According to a telegram received from the coal fields late yesterday afternoon, the mediation plan promised to be successful.

Opinion prevails generally that the Virginia coal miners, excepting a few radicals, are ready to return to work. In some of the mines the majority of workers have already returned.

Reports from the Pocahontas region yesterday were that the production was about 40 per cent of normal. While some of the members were absent because of the second holiday, mine officials anounced that maximum production is expected by Monday night.

From Lee County it is learned that no trouble has occurred in the past week and none is expected, the majority of the miners having signified a desire to return to the mines and resume production.

No further shots have been fired by the radicals hiding in the mountains, according to the latest reports received, and the general impression prevails that with their ammunition gone and all sources of supply cut off the radicals will find other fields of operation.

Demobilization of the machine-gun unit and Sixth Company of the First Virginia Regiment, Virginia National Guard, was completed yesterday after their return from Roanoke Thursday night by order of Governor Davis.

The two companies were part of the provisional regiment of six companies started to the coal fields at St. Charles, Lee Co., to prevent trouble in the mines there, but held at Roanoke.

There are several survivors of the Hunter family—Mrs. Wm. H. Jenkins and Mrs. M. Alice Coleman, of Herndon, Va., Mrs. Gertrude Walker, and Mrs. Wlter S. Brown, of Washington, D. C., and Mrs. Annie Robena Cooke, the latter of this city.

During the war he served as a member of the Old Dominion Rifles, Company H, Seventeenth Virginia Regiment.

THE DRIVE NEAR COMPLETION

The much-heralded drive for seventy-five million by Southern Baptists is nearing consummation. While encouraging reports are coming in the every member canvass tomorrow afternoon over the South, will tell the story of success or failure. The Baptist churches of Alexandria and vicinity are determined to go over the top. It is hoped very sincerely that there will be no slackers in this great effort to save the world by the gospel.

The Central Committee of Nashville, Tenn., requests that a canvass be made of every Baptist in the city of Alexandria whether connected with the local churches or not. It is hoped that all such will get in touch with the church canvassers.

Rev. Dr. E. B. Jackson will speak appropriately to the inauguration of this campaign at tomorrow morning's service at the First Baptist Church.

DRIVE OPENS TOMORROW

Baptists to Canvass 1,100 Churches in State for Funds

(Special to Gazette.)

Richmond, Va., Nov. 29.—The Baptist Seventy Five Million Campaign drive for pledges begins next Sunday, continuing through until December 10; prospects are favorable for success in Virginia. There are more than eleven hundred white churches with approximately two hundred thousand members, who must be canvassed individually during Victory Week. Each church has been apportioned a definite sum to be raised. Some churches have already taken their pledges and in every case much more has been subscribed than called for. The funds to be raised in Virginia will be devoted to foreign missions, home missions, chiristian education, orphanages, ministerial relief and state missions. More than two hundred additional foreign missionaries will be sent out at once and the number of missionary pastors in the state will be greatly increased. The Baptist School For Boys to be located at Bluefield will receive a large proportion as will the Baptist hospital to be located at Lynchburg. The orphanage at Salem, now crowded to its utmost capacity, will be enlarged during the year. The situation throughout the South is hopeful and the managers are expecting to achieve a great victory. Churches will be expected to report to their associational organizers who will in turn report to the state organizer at Richmond, Rev. James R. Doan.

ALEXANDRIA CLUB UNIVERSITY OF VA.

Names of Nineteen Young Alexandrians On Its Roster

FIRST YEAR FOR MANY

This Institution Now Has 1,500 Students Which Beats All Previous Records For Attendance.

University of Virginia, November 28.—At its initial meeting of the session held recently the Alexandria Club of the University of Virginia elected the following officers: James M. Duncan, president; Albert V. Bryan, vice president; Robert E. Knight, secretary-treasurer.

This club is composed of all of the students from Alexandria who are now in attendance at the University. There are ninteen names on its roll.

The Alexandrians are scattered throughout the various schools and departments, some studying medicine, engineering, law and others are in the academic department, commonly known as the college.

Practically all of the Alexandrians have received their preparation in the Alexandria High School.

The class of 1919, which graduated last June from that school, sent quite a large and representative contingent to take part in the college activities for the first time this season to experience the trills of life at a university and to live within the portals of the orange and the blue where a man's word and honor are supreme.

Never before has the worth and value of education in its more extensive form been brought home so forcibly, and never before has it been received with such enthusiastic acclamation.

This is evidenced by the increased enrollment at the colleges and universities.

At present the University of Virginia boasts of a student body of 1500 which exceeds records by several hundreds. Every available spot in and out the institution is occupied.

People who hitherto have never rented out rooms have opened their homes to accomodate those who are seeking to reap the benefits of the educational advantages offered them.

The teaching staff and facilities have been augmented. Schools of art, music and architecture have been introduced.

MILLINERY SHOPS OPENS

Today, as will be noted in her advertisement in another column, Mrs. Ruth Ballenger, opened her exclusive lingerie and hand made millinery establishment, the "Ruth Roycroft," on the second floor of the Smith building, 624 King street.

For several weeks past, Mrs. Ballenger has made frequent trips to New York selecting the kind of lingerie that will appeal most temptingly to women of refinement. Today's opening fully justified the expectations of Mrs. Ballenger's friends who thronged her shop which is attractively decorated in brown and blue. The merchandise displayed compares most favorably with what discriminating purchasers will find in metropolitan shops.

The Gazette commends heartily Mrs. Ballenger's enterprise and joins with her host of friends in wishing this Alexandria grl a deservedly great success.

Her shop will be open this evening until ten o'clock.

SPECIAL MUSIC

Tomorow morning, the first Sunday in Advent, the choir of St. Paul's Church will render a special musical program, including Dudley Buck's Festival Tedium in E flat; Jewells "Repent Ye," and hymns appropriate for the day.

COAL MINING TO BE FORCED

Government Serves Notice Interference Will Not Be Tolerated

TROOPS WILL BE USED

Prosecution For Operators Or Employes To Thwart Conspiracies—Blune Notice Served.

The Government has served blunt notice on soft coal miners and operators that interference with coal production would not be tolerated.

Warning that legal prosecution would be employed to thwart conspiracies by either side and troops sent wherever necessary to protect miners willing to work came from the Department of Justice after members of the Cabinet had considered every phrase of the fuel situation, admittedly critical, in view of the abrupt breaking off of negotiations.

It is not the intention of the Government to let the mines remain idle, with half of the country in the grip of cold weather and the coal stocks rapidly diminishing.

The Administration, it was said by those in a position to know, had fully expected the miners to reject the 14 per cent wage increase offered by Fuel Administrator Garfield. Anticiating this, plans had been considered for augmenting the present output of bituminous mines, officially figured at better than 40 per cent of normal.

WILL OPPOSE A. J. MONTAGUE

Former Alexandrian Will Be Candidate of Labor Faction

COLVIN'S HAT IN RING

Central Trades and Labor Council Planning to Place Candidates in Field For All Richmond Offices.

Threats of union labor in Richmond to defeat Representative Andrew Jackson Montague for the seat in Congress from the Third District culminated in the determination of the Central Trades and Labor council to place in the field as his opponent next summer Howard T. Colvin, a former resident of Alexandria, and now chief clerk in the office of State Labor Commissioner John Hirschberg.

It was Mr. Colvin himself, acting on behalf of a group of labor men, who sent to Representative Montague a challenge to meet in debate in Richmond some advocate of the Plumb plan of railroad ownership. Mr. Montague declined, saying that he could not afford to meet any man whose responsibility in the matter was not equal to his own. This denial of their wishes, coupled with other grievances they hold against, have led the labor unions to vow his defeat in the next campaign.

But it will not be against Representative Montague alone that the unions will direct their forces. Labor Commissioner Hirschberg, one of the recognized leaders of this class in the state, is an avowed candidate for Mayor of the city of Richmond, with Thomas B. Morton, president of the Richmond federation of railroad shop workers, as a much discussed candidate for the same office. It is likewise the determination of the unionists to have in the field a full ticket for all city offices.

That the labor unions will put up one of the stiffest political fights they have waged in many years is evidenced by the fact that members have almost to a man paid their poll taxes, a prerequisite for the ballot. In practically every organization in the city a rule is in force to penalize the man who cannot exhibit the necessary tax receipts for voting purposes. Ever since the office of Treasurer Pace opened for the payment of state taxes, long lines, composed mostly of laboring men, have besieged the office throughout the day, until Richmond now has the largest number of qualified voters she has ever had in her history.

The unions already have scored one important political victory this year in the election of George L. Wilcox to the house of delegates.

THE INDUSTRIAL UNREST

During this period of social unrest, and at a time when so many self-styled political economists are announcing panaceas for the discontent now spreading over the entire world, it is well to study some of the practical plans suggested, although we may wisely repudiate the great mass.

The Gazette has on several occasions directed attention to the fact that laboring men who own or are paying for their homes are seldom found in the ranks of those who are keeping the world disturbed. Such persons are loth to lose time, as they make their calculations upon the amounts they will receive monthly and cut their cloth accordingly.

The man, however, whose estate is on his back, with no certain place of abode, and whose wont it is to be an itinerant, who repudiates all responsibility, has but little to lose in walkouts. But the man who is struggling to pay for his home, or who has emerged with the title in his possession, is generally a good citizen, and seldom found in the ranks of strife-breeders.

We have at times suggested that more interest should be manifested in the formation of building associations for the benefit of those who may desire to own homes. In this day of a plethora of money a few dollars saved each month would enable mechanics and working men generally to take stock in such organizations, borrow money and eventually purchase homes as many in Alexandria have done during the past half a century. Many others not having families could take stock in such associations, and the dividends declared would in a few years prove more satisfactory than in many other investments.

The Washington Herald yesterday propounded the following questions:

"Isn't industrial unrest more a matter of the possession of personal property than anything else? In the smaller cities the workingmen own their own homes. They pay taxes just as their employers do and in many instances own more property and pay more taxes than the employer who is struggling to make a hard-pressed business come to a success. Home owners, whether of the so-called laboring class have a different outlook on life than do those who own no homes. They have stability, a sense of pride in the community, a strenuous antagonism toward "direct action." In the big cities on the other hand, and in the large industrial centers, too few working men are home owners."

FRICTION WITH MEXICO

According to dispatches printed today, another American has been murdered in Mexico. This latest announcement coming at a time when the United States is already aroused at the defiance of the neighboring country incident to the arrest of Consular Agent Jenkins, another subject of the United States, has added considerable fuel to the flames.

It has been suggested that Mexico, so far, has not been guilty of a casus belli, and until she is judgment should be suspended and the State Department allowed to handle the matter in a diplomatic manner.

It has been suggested that the Mexican Government's reply to our State Department in the Jenkins' case is sound technically as a statement of international law. A consular agent does not, in the absence of special compact, enjoy immunity from arrest for crime or for offenses against the government of the foreign country in which he is residing; and if Jenkins was in collusion with the bandits to prefer a false claim against Mexico, we cannot and should not protect him. If, in addition, the effect of his conspiracy with the enemies of the Carranza administration was to discredit and weaken it at home and abroad, the latter has still another apparently good reason for refusing to interfere. The plea that the case is in the hands of the local authorities at Puebla, and that the Mexican Constitution forbids the President to interfere in the affairs of the various states, sets up a defense which we have often made ourselves, but which sincerity on the part of Mexico which does not often allow its constitution to stand in the way of dictatorial action."

Friction with Mexico is chronic. While that country has ever been infested with irresponsible bands, we have preferred to believe the government proper prefers to settle disputes with the United States in a neighborly manner.

Many years ago a native of Mexico became a citizen of the United States. He printed a paper some where in Texas. Like some knights of the quill, he supposed it was his prerogative to attack everything in sight. One of his first targets was the Mexican government. He later visited the land of the Montezumas and distributed copies of his paper. He was arrested when he appealed to the United States for protection. After exchanges of notes it became apparent that this country had no case against Mexico.

Let us wait for the facts in the Jenkins case as well as those in connection with the reported murder of an American.

ANOTHER AMERICAN KILLED

On top of the receipt of the defiant note from the Mexican government refusing to release William O. Jenkins, American consular agent, the State Department today announced the cold blooded murder of another American in Mexico.

Word was also received of the death of a second American due to torture at the hands of bandits.

There were unconfirmed reports of a revolution in Mexico City, and the likelihood of intervention now is greater than at any time since the dispatch of the Pershing punitive expedition.

ALL WORN OUT

Does morning find you with a lame stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Alexandria people endorse Doan's Kidney Pills. You can rely on their statements.

Mrs. M. E. Williams, 523 Oronoco Street, Alexandria, says: "I was so bad off with pains in my back I was about all worn out. I would put my hands on my back trying to relieve the pain through my kidneys. When I bent over I could hardly straighten again. This weakened me very much, and made me so nervous I could hardly stand the least noise. Dizziness affected me when I bent over and everything would turn black. My kidneys didn't act at all right. I tried different things such as putting turpentine on the small of my back until it would blister. Nothing did me any good until I started using Doan's Kidney Pills. I kept getting better right along, and was soon cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Williams had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Oldsmobile
SETS THE PACE
22nd Year

The "THOROBRED"
7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

Pity Poor Haroun al Raschid

WHEN Haroun al Raschid of Arabian nights fame wanted to get closer to the people he slipped on an old linen duster and, accompanied by Jaccfar, his companion, rambled at night through the streets of old Bagdad listening to many strange and beautiful tales.

Haroun was a lover of the arts —music, painting, poetry and literature. But most of all he loved a good story. He would travel any distance to hear one.

You can afford to pity the old caliph. There was no Cosmopolitan Magazine in his day.

He couldn't stop at the newsstand on the corner and take his adventures home with him. He was obliged to go out and seek them in all kinds of weather.

It is your twentieth century privilege to pay a quarter (you can do that today) and take away with you the best work of the greatest writers and the greatest artists in all the world in the best magazine that it is possible to produce. For that's what you do when you buy November Cosmopolitan, which is now on sale.

WE doubt whether Haroun, in all his wanderings, ever encountered a finer story of friendship between father and son than Peter B. Kyne tells in "Kindred of the Dust," his newest novel, now appearing in Cosmopolitan.

Fannie Hurst, who writes common stories about common people, never told a better story than "Back Pay" in November Cosmopolitan. It isn't a pleasant story—and it isn't a sermon. When you read it you'll know why Miss Hurst wrote it and why no one else could have written it. There is something of Henry Fielding's frankness about it.

And how Haroun would have loved to have heard Harvey O'Higgins tell about "The Secret Springs"—the source of every human motive and action—the force that simply makes us do the things at which we and our neighbors marvel.

Kansas far removed from Bagdad, sent us Dana Gatlin. We can imagine old Haroun sitting wide-eyed and wondering before Miss Gatlin while she tells him the story of the sweet young woman who married a man who simply couldn't be true to her no matter how hard he tried. Yes, the caliph would have enjoyed "Why Do They Marry?"

DO you know what a flange is? Well, it's the raised edge of a car-wheel and it keeps the wheel on the track. Rupert Hughes, in "The Broken Flange," tells about a girl who wanted to be a flange, but who, at the critical moment—but read the story in November Cosmopolitan!

Compare Haroun al Raschid with Rex Beach. Both would go a long distance for a story, and in November Cosmopolitan Rex went to Mexico. Just imagine fishing in the Gulf of Mexico with Rex, where as he says in "Messing Around in Mexico," *the fish are so hungry that you have to stand behind a tree to bait your hook.*

Yes, you can afford to pity poor old Haroun.

For you can tonight, sit in your easy-chair under your library lamp and enjoy novels, stories [illegible] Haroun never even dreamed about.

Meredith Nicholson, John A. Moroso, Jack Boyle, Gouverneur Morris, Arthur Somers Roche, Robert W. Chambers, and James Oliver Curwood are a few other world-famous writers whose tales of moving adventure will vibrate in you the chords of laughter and of human sympathy.

Cosmopolitan for a year makes an excellent Christmas Gift. A handsome card, with decorations by W. T. Benda, announcing its coming will be mailed by the publishers to reach the recipient on Christmas morning. Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

What if it does rain! What's that to you?
The motion picture theatre is open.

ALL the difference between the sullen drip from the eaves and the flutter of leaves in a sunny patio beyond Seville.

All the difference between the monotony of a dull book and the lively creak of saddle-leather between your knees.

All the difference between seven o'clock this bleak evening and a hot noon ten years ago, when palm fronds rustled in the soft trade-wind.

All the difference between Number 7 Maple Street and the sail-shaded deck of an island schooner creaming through the blue of the seas of the South.

How far away? How near is the nearest of the better theatres, with the relaxation of its sociable chairs, its genial warmth and happy swing of music?

Paramount Artcraft Pictures are there. That is why it is a better theatre.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-efects, it has won the praise of thousands of people who have used it.

Besides Tom Mix is the best sort of a lover and he is given full opportunity in this new picture to display his powers in rescuing the woman she loves from some desperate men of the mining camps of the [illegible] North. INFLUENZA
More Deadly Than War

Your Last Strength and Worn-out Nerves are Dangerous —Let Pepsinol Build You Up

[illegible] experts, who have analyzed the figures on casualties in the war and the mortality figures of the first Influenza epidemic, are agreed that Influenza is more deadly than war, and medical authorities have issued a warning that another epidemic is coming.

Physicians admit that no drug has yet been found that will cure Influenza. Their advice, after intensive study is: "Build up your strength." This, they unite in declaring, is the only way to ward off infection, or to minimize its effects. There is nothing quite so quick, quite so sure, quite so safe to build up strength, to make sickly people well, to make weak folks strong as Pepsinol, a reconstructive, corrective tonic manufactured only by The Peplax Medicine Company, Memphis, Tenn.

Protect yourself from the terrible scourge of Influenza. Enjoy strength, good nerves, sound health, by letting Pepsinol help you—but above all enjoy the only security there is against Influenza, which even now, may be ready to attack you and your family.

Pepsinol makes the weak strong, invigorates and refreshes the nerves and purifies the blood. It brings renewed vitality to every organ that would otherwise be subject to attack from Influenza; it makes the constitution sturdy and robust. Pepsinol spells safety for you. Influenza means illness, perhaps worse. Now is the time to build yourself up with Pepsinol.

If you are run down, all tired out, if you are weak, if you lack vitality and ambition, if you do not sleep well, if your stomach is sour, if you belch, if you suffer from gas, if you dislike to eat, if you have lost your appetite then you need Pepsinol, even when there is no epidemic of Influenza threatening. How much more do you need Pepsinol, this wonderful restoring, renewing and reviving tonic when physicians are unanimous in warning of a recurrence of the epidemic.

Think how much a strong constitution, energetic, active health means to you now. Think how absolutely necessary they are to you with Influenza rearing its grim head above the horizon of your life.

If you love life, if you love your family—your wife and your children—you will get Pepsinol without delay. This is not the time to hesitate—you must act. Any delay may mean death or invalidism—for even when Influenza does not prove fatal, it takes the last ounce of vitality from the weak. Consumption, heart disease, even insanity, often grip those convalescent from the "flu."

Pepsinol may be gotten from the authorized Pepsinol agent in your community. There is good reason for haste. Don't delay.

WORLD HAS BUMPER CROPS

Corn, Potatoes, Rye, Sugar Beets, Etc., Above 5-year Average.

Washington, Nov. 29.—Bumper world crops of corn, potatoes, barley, rye, sugar beets and rough rice for this year are shown in estimates compiled by the International Institute of Agriculture, at Rome, made public by the Department of Agriculture. The production of wheat, oats and flaxseed, however, shows a decrease from the average for the five years ended in 1917.

Wheat production in 14 countries, excepting the Central Powers, will reach 2,040,509,000 bushels, 96.5 per cent. of the five-year average. Corn will amount to 3,126,194,000, 14.8 per cent. greater than the crop produced last year and 4.4 per cent. greater than that produced for the last five years. Other crops, the department's cablegram shows, are estimated as follows;

Rye, 139,414,000 bushels, 124 per cent.

Barley, 550,080,000 bushels, 101.8 per cent.

Oats, 2,085,786,000 bushels, 90.3 per cent.

Rice, 423,875,000 bushels, 83.8 per cent.

Having Whipped the Kaiser
Let's Go After Satan Now

THE

Baptist 75 Million Campaign

Represents the five-year program of Southern Baptists for combatting disease, ignorance, error and sin from our home territory out to the ends of the earth.

It represents the challenge of God to His people to make a worthy beginning toward the occupation of the new fields He has opened up, as well as a fuller cultivation in those which have been entered before.

More than a billion people have never heard anything of Jesus Christ. The need is stupendous. The response must be liberal. This is your greatest opportunity to aid in the reconstruction of the world along sane and moral lines.

The drive for cash and five-year pledges with which to carry out this program will be made during

Victory Week, November 30—December 7

Enlist now with the Baptist church of your community and be ready to do a worthy part in raising

Service

SERVICE COVERS EVERYTHING INCLUDING ELECTRIC SERVICE

You are receiving electric service from our modern electric service plant which has been recently completed.

But owing to the conditions which now exist, caused by the remodeling of our offices, you have not been receiving the best service which we can render when settled in our new quarters.

We ask that you be as lenient as possible during the crisis.

Yours truly,
